The benefits

Space-saving design

Our EasyPay Cash Compact Lobby Dispenser ATM is designed to fit seamlessly into any retail environment, regardless of space limitations. Its sleek and compact footprint ensures it won't disrupt your store layout while still delivering outstanding functionality.

Increased foot traffic

Installing this Lobby Dispenser ATM in your store is like attracting a steady stream of potential customers.

We have over 1,3 million* EasyPay Everywhere card holders that flock monthly to the EasyPay Cash ATMs, to withdraw cash. And, by placing this device conveniently inside your store means you'll become a go-to destination for shoppers to not just withdraw cash, but also do their monthly shopping, saving on taxi fees and extra trips to the shop. A win-win for you and your shoppers!

Get up to R5 million business funding in just 24 hrs!

Need business funding? Whether you need to stock-up, install perishable fridge doors, renovate your store, invest in energy-saving solutions or make bulk purchases at discounted rates, you get lightning-fast access to growth capital!

You could qualify for unsecured, unrestricted opportunity capital of up to R5 million** in just 24 hours and repay the business loan in affordable daily instalments via a daily debit order from your bank account, so it doesn't impact your operating cash flow.
