

I2000

The I2000 is a compact under-counter vault designed for businesses with low to moderate cash volumes, where space and budget are tight. Ideal for hospitality, fuel, and speciality retailers who need their cash secured and working for them from the moment it drops.

Secure, manage, and grow your cash

- Space-saving design, built to SABS Category 3 standards
- High-speed validator with easy self-service jam clearing
- Biometric access for greater accountability
- Immediate cash risk transfer
- Fully automated 3-way door locking mechanism
- Manage and monitor cash via the app
- Affordable cash deposit fees
- Bank and CIT agnostic

We put the bank in your store

Protect and unlock the value of your cash. Our end-to-end cash management solutions keep your money safe, reduce handling costs, and give you instant access to your funds to pay suppliers and more. Built to protect and designed to help your business grow, we take on the risk so you can trade safer.

Unlock more value*

-  Asset Protection
-  Managed CIT Service
-  Supplier Payments
-  Access to Business Funding

*Additional fees may apply.
